[REDACTED] I can't access sharepoint from here to send the file to Zellmer and don't know if Chuck is around to send to Mr. Crass.

It still needs to be sent to R5websupport with desk statement to make the file 508 compliant. Given that it's 2:30, I think we should hold off until Tues so we can mail the document first thing in the am to WDNR and Crass, and then upload to web after lunch.

Anyone disagree?
